How to order a SimaPro service contract

Do I need to order an annual service contract?

You should order annual service contracts if you have a perpetual version of SimaPro. The perpetual version of SimaPro keeps running without service contracts, but continuous annual service contracts are required to keep receiving support and updates. (Annual subscription versions of SimaPro do not require a service contract.)

How do I purchase a SimaPro service contract?

Obtaining a SimaPro service contract is straightforward. We simply need you to supply two things -

- (1) an order form
- (2) payment

The order form contains all information needed to pay, such as full company, VAT and bank account details. We require a signature on the order form. Once we receive the signed order form, we will send you an invoice.

How do I pay?

You can pay by credit card, bank transfer or PayPal. You will receive a full VAT receipt. The easiest way to pay is to click on the **Pay Online** icon shown on the invoice. You will be emailed a registration code within 7 days of payment being received. The code will enable updates.

I need to start work with the latest version of SimaPro as soon as possible, how can I do that?

Pay by bank transfer or credit card. Paying by card is often the quickest, since some accounts departments take a month or more to pay invoices. The easiest way to pay is to click on the **Pay Online** icon shown on the invoice.

I need to issue a PO before buying a SimaPro service contract, can you respond to a PO?

Certainly. If you send us a PO, we will issue an invoice with the PO number on it. We will also need a signed order form. When the invoice is paid, we will email you a registration code to enable updates.
